

# LES PTO Hosts: Parents as Partners

## Mental Health Awareness & Suicide Prevention

Lyerly School cares about mental health and preventing suicide, and we are committed to helping our parents increase their awareness of risk factors displayed by students and others.

In recognition of National Suicide Prevention Month in September, LES is hosting an important parent information meeting on Thursday, October 8, in the LES media center at 5:00.

October 8,  
2020  
5:00-6:00
